Employee HIPAA Security Training Acknowledgement

I acknowledge that I have completed the company Health Insurance Portability and Accountability (HIPAA) Security Rule training program. I understand that HIPAA requires me as an employee of this company to safeguard any electronic Protected Health Information (ePHI) that might come into my work area.

I further understand that there are serious consequences for the intentional or unintentional disclosure of ePHI and certify by my signature below that I will take every precaution to safeguard such information.

I understand that if my actions contribute to the disclosure of ePHI in any way, my employment may be immediately terminated and court actions may involve fines up to \$250,000 and up to 10 years in prison.
